

# ORCID – what’s in it for me?

- Distinguishes you from any other researcher
- Ensures that your work is recognized
- Easy to submit manuscripts and grant submissions
- Automated transfer from PURE to ORCID

## Get your ORCID ID

Login to **PURE** and choose ‘**Edit Profile**’. In the section ‘**Personal identification**’ you can **create or connect your ORCID ID**. Find your ORCID guides here: <http://medarbejdere.au.dk/en/pure/orcid/>

STAFF SERVICE AT AU »

### ORCID and Pure

Through the ORCID organisation, you can get a personal identification number that uniquely identifies you as researcher. The unique ID id prevents you from being mistaken for another researcher with the same or similar name. Your ORCID id is permanent and can be used throughout your research career.

In addition to identifying yourself, you can also use ORCID to gather your publications and research activities in one place, including the publications you have registered in Pure.

- Create ORCID iD from your Pure profile +
- Setup synchronisation with ORCID iD +
- Connect or authorise synchronisation of existing ORCID iD +
- Facts about synchronisation with ORCID +
- Synchronise content to ORCID right away +
- Stop synchronisation to ORCID +
- Display of ORCID iD in Pure +
